

# ProChondrix<sup>®</sup> CR

**CRYOPRESERVED OSTEOCHONDRAL  
ALLOGRAFT**

Viable Hyaline Cartilage Allograft for the  
Repair and Replacement of Articular Cartilage

MAKE PROCHONDRIX<sup>®</sup> CR PART  
OF YOUR TREATMENT PLAN

PROCHONDRIX CR IS A CARTILAGE IMPLANT WITH **94.97% CHONDROCYTE VIABILITY** AFTER 2 YEARS OF STORAGE AT -80°C<sup>1</sup>

⊕ ProChondrix CR is a cryopreserved osteochondral allograft providing a:

- Cost effective, single stage cartilage restoration procedure
- Trimmable and flexible graft for easy manipulation during implantation
- Range of sizes for cartilage defects throughout the body

**CRYOPRESERVED CARTILAGE VIABILITY AFTER TWO YEARS OF STORAGE**  
MINIMUM ACCEPTED VIABILITY OF 70%<sup>2</sup>

*Chondrocyte viability is maintained by processing tissue within 72 hours of cartilage donation.<sup>1</sup>*

PROCHONDRIX CR IS THE RESULT OF 25+ YEARS OF CARTILAGE EXPERTISE

⊕ Native Growth Factors and Extracellular Matrix

ProChondrix CR is shown to retain the native growth factors and extracellular matrix necessary for cartilage restoration<sup>1</sup>:

⊕ Clinical Evidence

In a clinical cohort of 17 patients treated with ProChondrix, (mean 2.3 years, range 6-43 months) patients averaged statistically significant changes in SF-36, KOOS, Subjective IKDC, Tegner and VAS<sup>\*,4</sup>

- KOOS: +29.1
- Subjective IKDC scores: increased from 37.60 to 65.81, p = .003
- SF-36, Physical Functioning: +35.6
- Tegner scores: increased from 1.16 to 5.41, p = .005
- VAS score: decrease from 5.98 to 1.29, p < .001

⊕ Surgical Technique

- Use the disposable instruments to size and debride the defect
- When the defect is debrided, prepare a bleeding bone bed

- If fibrin sealant is used, apply fibrin sealant to the bleeding bone bed for fixation
- Implant the graft with the laser etching side towards the bone
- Apply fibrin sealant on top of the graft to complete the fixation

\*KOOS = Knee Injury and Osteoarthritis Outcome Score, IKDC = International Knee Documentation Committee, VAS = Visual Analog Scale

## GRAFT PART NUMBERS AND SIZING
