WE ARE HUMAN

FROM DONATION TO HEALING, WE'RE A TEAM DOING MORE WITH LIFE

Honoring tissue donors by
creating innovative products
to help heal patients

DECADES OF EXPERIENCE HELPING SURGEONS HEAL THEIR PATIENTS

Since 1994, our mission-driven business is inspired by human tissue donors to responsibly provide innovative cellular and tissue allografts to advance patient healing.

DIANA'S STORY

TISSUE RECIPIENT - DIANA

"When I first tore my ACL, I never believed that I would get back to where I'm at, and my donor's selflessness gave me that opportunity."

A MISSION, DRIVEN BY OUR DONORS

READ
MARC'S STORY

TISSUE DONOR - MARC

Tissue donors create a legacy, each one helping heal up to 75 people through the altruism of their tissue gifts. "Life really does go full circle... and the donation of life is what keeps this circle spinning." - Linda, Marc's Mother

HUNDREDS OF EMPLOYEES INSPIRED BY HEALING

Employees take pride in working toward a common purpose positively impacting lives, while achieving personal and business goals.

Our state-of-the-art campus, just south of Denver, Colorado, features 37 clean rooms and product development and testing labs. We work within the strict standards of the U.S. Food and Drug Administration and the American Association of Tissue Banks.

TONY'S STORY

EMPLOYEE - TONY

"AlloSource offers great training and I have the opportunity to work with great people every day in a mission-driven environment."

HUMAN TISSUE WITH A PURPOSE

Our customers have access to more than 200 types of allografts for use in various surgical specialties because of our world-class manufacturing and cutting-edge product development.

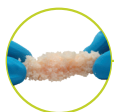

FEATURED PRODUCTS

AlloMend®

ACELLULAR DERMAL MATRIX

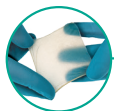

Strong and flexible acellular dermal matrix for demanding soft tissue repair and reconstruction.

AlloFuse®SELECT

CELLULAR BONE MATRIX

Cellular bone allograft used for general bone grafting applications in orthopedic procedures.

AlloWrap®

AMNIOTIC MEMBRANE

Dual-sided amniotic membrane designed to provide a biologic barrier following surgical repair.

ProChondrix®CR

CRYOPRESERVED OSTEOCHONDRAL ALLOGRAFT

Laser-etched, cryopreserved allograft for the repair and replacement of articular cartilage.

AlloSource is one of the largest nonprofit allograft providers, honoring tissue donors by creating innovative dermis, cartilage, tendon, fascia, bone, and amnion solutions to help heal patients.

MISSION

Inspired by the gift of donation from our communities, AlloSource responsibly provides innovative cellular and tissue allografts to advance patient healing
